

EasyClean¹⁰

Glass Treatment

There are many benefits to using EasyClean¹⁰ Glass Treatment on your shower door investment. Here are just a few we would like to point out:

- **Makes Cleaning A Breeze** - All you need is a microfiber cloth.
- **Reduces Cleaning Time** - Significantly!
- **Superior Protection** - Resists staining and etching from soap scum, hard water and lime scaling.
- **Improved Hygenic Environment** - Reduces the buildup of mold, mildew and bacteria.
- **“One Time” Application** - Permanently bonds to the glass.
- **Revitalizing Products Not Required**
- **UV Stable**
- **Environmentally Friendly** - Eliminates the need for harsh cleaning chemicals.
- **Protects Your Investment** - Helps keep your glass looking like new.
- **10 Year Limited Warranty**

To properly care for EasyClean¹⁰ Glass Treatment, rinse regularly with water and squeegee dry after each use. To deep clean the glass, wash the glass regularly using a damp microfiber cloth and a mild detergent before drying with a good quality squeegee.

Check the “*Care and Cleaning*” section of our website for the latest cleaning instructions and a list of acceptable glass cleaners.

EasyClean¹⁰ Glass Treatment Makes Cleaning Glass so Simple

*EasyClean¹⁰ can
be applied to
all types of
shower glass.*

EasyClean¹⁰

Glass Treatment

Untreated glass, tiles and grout surfaces are porous and as a result absorb mineral deposits and soap scums, over time making it very difficult to clean.

EasyClean¹⁰ is an ultra-thin transparent coating that completely adheres to the glass surface and provides protection that will repel both water and oil based stains.

Similar to a non-stick fry pan, cleaning is made easier using only water and a mild detergent or with a microfiber cloth. No longer is scrubbing with harsh toxic cleaners needed. The superior protection of EasyClean¹⁰ also helps reduce the build-up of mold and harmful bacteria, promoting a germ free environment.

EasyClean¹⁰ comes complete with a 10-year warranty. This will ensure that your new glass is protected and will be easy to clean for many years to come.
