

## FEATURES -

- Fixed shield panel with pivoting panel for use on tiled or fabricated shower or bath.
- Frameless tempered safety glass with polished edges throughout.
- Heavy anodized aluminum extrusions with built-in adjustment for out of square walls.
- Minimal use of highest quality solid brass components secured through pre-drilled holes in glass.
- Corrosion resistant stainless steel screws and fasteners plated in decorative finish.
- Clear vinyl hinge gasket and pivot panel sweep for water tight seal.
- 70-3/4" standard height for showers, 57-1/2" standard height for baths. Custom height available.

Unique wall brace stabilizes fixed panel, eliminating the need for a header.

180 degree pivoting solid brass hinge with all stainless steel moving parts to ensure no rust or stiffening.

## OPTIONS -

- 6 mm (HL6) or 10 mm (HL10) thick glass.
- Shower Shield (SS) or Tub Shield (TS).
- Glass available in Clear (C), Obscure (O) - HL6 only, Rain (R) and a variety of other Designer Colours & Textures. Refer to options sheet for additional information.
- Trim available in Silver (S), Brushed Nickel (BN) or Oil Rub Bronze (ORB).
- ClearShield (CS) glass protection coating.

HL10-SS on Hytec ACR603

Height:	70-3/4"	57-1/2"
Width:	44-3/8"	41-3/8"
Fixed Panel:	26-3/8"	23-3/8"
Pivot Panel:	18"	18"

**\*\*\* NOTE \*\*\***  
**HL10 doors are considered heavy doors and as a result they require backing in the wall along the full length of the wall jamb and at the wall brace.**
