

## FEATURES -

- 2-panel sliding door with 90 degree full height or on buttress return panel for use on tiled or fabricated bath.
- Frameless 6 mm (1/4") tempered safety glass with polished edges throughout.
- Heavy anodized aluminum extrusions with built-in adjustment for out of square walls.
- Hardware secured through pre-drilled holes in glass.
- Corrosion resistant stainless fasteners plated to match metal finishes.
- 55-1/2" standard height. Custom height available.

Panels glide on adjustable precision ball bearing rollers which allow sliders to open and close with the touch of a finger.

Knobs on both sides of panels for easy opening and closing.

Self-draining, open wipe, stay clean sill with "Shoeless" glass.  
A truly frameless slider.

Sleek scalloped header with look of streamlined beauty.
